

## Homework Timetable Year 10 and 11

In Years 10 and 11 homework provides the pupils with the opportunity to build upon their prior learning in lessons and prepare themselves fully for their examinations. Homework that is set will achieve the following objectives:

1. It will consolidate your child's learning from the lesson(s) that they have attended so that they are ready to succeed in the next lessons
2. It will extend and deepen your child's understanding of a specific topic or skill so that they become more proficient
3. It will challenge your child's thinking and encourage them to study the subject/ practice the skill further
4. Not all subjects arrange their homework in the same way, one size doesn't fit all! A timetable has been issued setting out precisely when homework is to be set in English, Mathematics, Science and the Option Subjects.

### Year 10: Week A

	Monday	Tuesday	Wednesday	Thursday	Friday
	Option B	Option A	English	Maths	Science
