

Longfield Learning Journey

Year Group: 11	Unit of work: UK Physical Landscapes - Coasts	Term: 1
-----------------------	--	----------------

Skills:	Context:	R	A	G
AO1: Demonstrate Knowledge	Identifying how the shape of the coast changes. How do fluvial processes influence this?			
AO2: Knowledge & Understanding	Explain which fluvial processes create erosional and depositional landforms.			
AO3: Evaluation and Analysis	The effectiveness of management techniques.			
AO4: Skills	Using 4 and 6 figure grid references to locate landforms.			

	R	A	G
I can describe the location of major coastal areas.			
I can explain the characteristics of different types of waves.			
I can explain the different processes of erosion, deposition and weathering.			
I can explain the formation of headlands and bays.			
I can explain the formation of caves, arches, stacks and stumps.			
I can explain how material is transported along the coast.			
I can explain the different features of coastal deposition.			
I can identify features of erosion and deposition at Swanage in Dorset.			
I can evaluate hard and soft engineering strategies.			
I know a named example of managed retreat (Medmerry).			
I can explain an example of coastal management at Lyme Regis.
